### Principal's Message

The Jonata Middle School is proud to be a California Gold Ribbon School. Our School Accountability Report Card (SARC) is a document designed to provide annual information to the community, parents, and staff on topics specified by the California Department of Education. This document is one measure of school accountability. It includes the Buellton Union School District's expectations for students and staff and outlines how we will meet those expectations at our school sites.

At the beginning of each school year, administrators and staff within Buellton Union School District establish goals and objectives to increase the success of its students and staff. For the 2018-2019 school year, our goals include:

- Provide focused, standards-based instruction to all students in all core subject areas.
- Provide targeted interventions to students who are under-performing.
- Enhance our elective program, including offering music, drama, foreign language, STEM, and community outreach.
- Provide a six period instructional day for grades 6 through 8 which extends the time spent in math and science.
- Provide access to the core curriculum in a variety of hands-on and traditional instructional settings.
- Provide "Renaissance" system of positive rewards.
- Continue implementation of Next Generation Science Standards.
- Provide social and emotional education through the Second Step program.

Additional information about Jonata and the Buellton Union School District may be found on our website ([www.jonatams.org](http://www.jonatams.org)). On this site, access is also provided to the Parent Portal. Parents may check on student grades and attendance through the portal.

Parents, staff, students, and the Buellton community are actively involved in the success of Jonata Middle School. Together we are certain we will continue to assist all students to acquire the knowledge, skills and attitudes to become the confident, capable and productive generation of tomorrow.

Hans Rheinschild, Principal  
Jonata Middle School

### Mission Statement

Jonata Middle School's mission is to ensure that all students are motivated, successful learners who contribute to the global community. Success is developed through a strong academic learning environment that is enhanced by student creativity and independent development. Students are provided a variety of challenging learning experiences under the guidance of a committed, professional, nurturing staff, supportive parents, and community.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)**

Buellton Union School District held a public hearing on September 11, 2014, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual Standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California.

All district textbooks are State Board adopted and aligned to the Academic Content Standards established by the California Board of Education. During the 2014-15 school year, Buellton Union School District adopted College Preparatory Mathematics (CPM), 2013, for Mathematics. The texts were implemented during the 2014-15 school year.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

School facilities are all up-to-date, clean, safe, and provide adequate space for students and staff.

During the summer of 2013 both Jonata and Oak Valley school sites installed Solar as a renewable energy source funded by a local school bond. The first year of production has proven to provide the District over a 90% payback.

During the summer of 2014 the District installed filtered, chilled water fountains with refill water bottle technology, saving thousands of bottles going to landfills.

During the summers of 2016-2017, the District installed LED lighting in classrooms and support facilities. The average energy savings to date is 82.45% over previous lighting.

In partnership with the City of Buellton, the Buellton Union School District built a joint-use gymnasium facility which was completed during the 2008-09 school year, on the Jonata School campus. The gym facility, including weight room, learning centers, and a student Zone is available for use by the district as well as to the community.

Safety concerns are the number one priority of the Maintenance and Operations Department. Repairs necessary to keep the school in good working order are completed in a timely manner. A work order process is used to ensure the highest priority is given to emergency repairs. Buellton Union School District scheduled maintenance program ensures that all classrooms and facilities are well-maintained and provide a suitable learning environment.

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school or district office. The principal works closely with the custodial staff to ensure a clean and safe school.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

2017-18 CAASPP Results for All Students

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2018-19)

Parents and the community are very supportive of the educational program at Jonata Middle School. Parents are encouraged to participate by volunteering in the library and in classrooms. The school welcomes parents to become active members on one or more of the many committees and councils, as well as attending school board meetings to stay up to date on district and school programs and topics. Parents may participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with students' needs and comply with district goals. The following committees and councils are available for parental participation: Parent, Teacher & Student Association (PTSA), District English Learner Advisory Committee (DELAC), School Site Council (SSC), District Advisory Council (DAC), Wellness Committee and Technology Committee.

For more information on how to become involved, please contact Hans Rheinschild, Principal, at (805) 688-4222 extension 2238 or email [hrheinschild@buelltonusd.org](mailto:hrheinschild@buelltonusd.org).

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

The safety of students and staff is a primary concern at Jonata School. The school complies with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, earthquake, and lockdown drills are conducted on a regular basis throughout the school year. BUSD utilizes Parent Square for school and district-wide emergency communications.

The Comprehensive Safety Plan was developed by the school in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment.

Components of the Comprehensive Safety Plan include the following: child abuse reporting procedures, disaster response procedures, procedures for safe drop off and pickup from school, anti-bullying policy, and dress code policy. The BUSD Safety Plan was last updated in October, 2018.

To ensure student safety, instructional aides and/or teachers supervise students at all times before, during, and after school. All visitors are required to check in at the school office upon arrival, submit a drivers' license to be scanned by the Raptor Visitor Management System, obtain a visitor's badge which must be worn at all times while on campus, and check out at the office upon leaving.

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

### Professional Development provided for Teachers

Strategic Professional Development provides each teacher with a variety of professional growth opportunities as site and district leads in curriculum, teaching strategies and methodologies, technology and assessment.

All new teachers are supported by the Santa Barbara County Teacher Induction Program, formerly "BTSA" the state-sponsored Beginning Teacher Support and Assessment Program. Participating new teachers are provided with support from the district, the Santa Barbara County Office of Education, and monthly seminars. All teachers participate in two full professional development days, one on site and one held in the Santa Inez Valley for "Valley-wide Professional Development." Throughout the year teachers meet and collaborate in Professional Learning Communities (PLC's) on early release Mondays. In addition, teachers attend workshops on various topics related to the implementation plan for LCAP and the Common Core Standards as well as meet with grade level colleagues within the valley. The district Technology Committee continues to drive the district's use of best practices in technology integration in the classroom.

This 2018-19 year, the district has a lead teacher on each site devoted facilitating professional development and curriculum implementation. Specifically, the implementation of Next Generation Science Standards (NGSS) and the Multi-Tiered System of Supports (MTSS) will be developed at each school site. The district continues to join with other valley school districts to provide a comprehensive year-long professional development program with consultation from the County Office for all teachers in instructional strategies for the implementation of the Common Core Standards in English Language Arts and Math and technology.

Staff development is based on the needs of the students and the changing demands of instruction. In the 2016-2017 school year, the focus was mathematics training to support English Learners and facilitating the transition to the Common Core State Standards using the new adoption of College Preparatory Math (CPM). Teachers attended trainings on many topics to support our Gold Ribbon Award winning math intervention program. Our annual staff development day(s) and All-Valley Collaboration Days provided teachers with additional support in mathematics and literacy teaching strategies and methodologies with regard to the Common Core State Standards. Additionally, teachers have attended workshops on NGSS and technology in the classroom.

ELA and Math teachers met in PLC groups during 2016-2017 one day in the Fall and one day in the Spring to plan and make pacing plans aligned with Common Core State Standards as well as to look at data to plan further instruction. Math teachers also attended the CPM conference for 2 days to learn about math RtI and various math strategies in Jan. 2017. Math teachers also used 1.5 PD days during the summer of 2016 to learn about Dreambox, Number Talks, and other components for the math Success intervention classes. ELA teachers attended a Reading Plus PD in the Spring of 2016.

Teachers who require help with improving skills are given as much support as needed to ensure their continued professional development.

### Types of Services Funded

In addition to general state funding, Buellton Union School District receives state and federal funding for the following categorical, special education, and support programs:

- Title I, Part A
- Title II, Part A (Teacher Quality)
- Title III, Part A (LEP Students)

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
